

## **La Bach Hao – Yamaguchi University – Japan**

Mr. La Bach Hao is a graduate student in course 20, Biotechnology, Biology Research and Development Institute, Can Tho University. Mr. La Bach Hao was attended The Exchange Students Program in Biotechnology between Can Tho University and Yamaguchi University from October to December 2014.

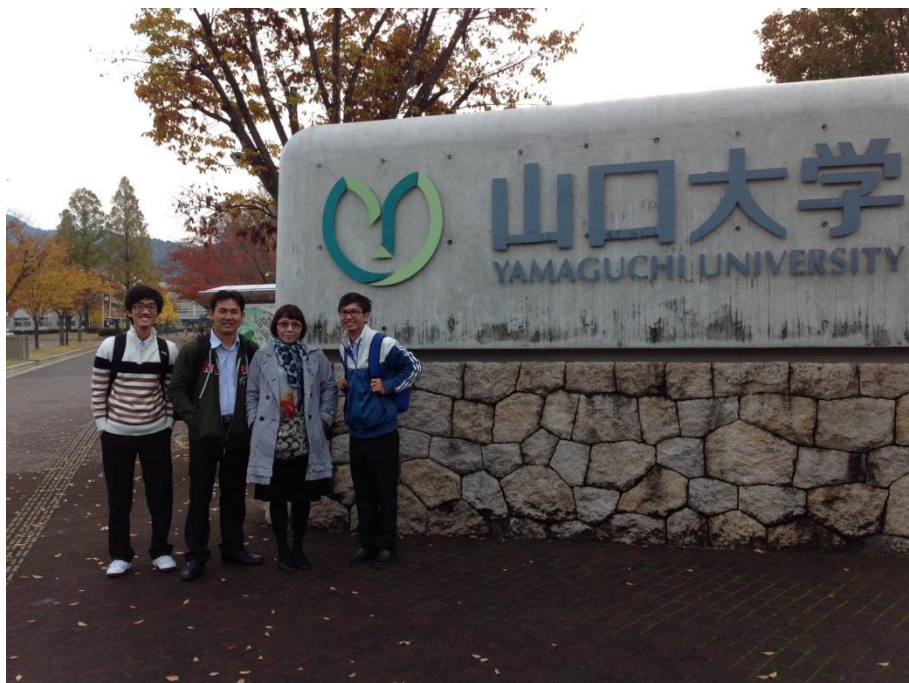

### **Microbiological Applications Laboratory on the second floor**

This training course was funded by Yamaguchi University. At Yamaguchi University, Hao has done experiments about “Transfer recombinant DNA into *Acetobacter pasteurianus* strain”. In addition, Hao was trained PCR, electrophoresis manipulations, detection recombinant DNA by the blue-white screen, and attended seminars related to Biotechnology in the Microbiological Applications Laboratory - Agriculture Faculty. He also visited laboratories and facilities in Biotechnology at Yamaguchi University.

**La Bach Hao and a Japanese student (Hirata Kaori) in Microbiological Applications Laboratory, Agriculture Faculty, Yamaguchi University**

**La Bach Hao and Assoc. Prof. Ngo Thi Phuong Dung, Master Huynh Xuan Phong and student Vo Trung Nghia at Yamaguchi University**

On this occasion, Hao also attended the 10<sup>th</sup> Young Scientist Seminar of JSPS- NRCT Asian Core Program on “Establishment of International Research Network for Tropical Bioresources and Their Utilization” with other young scientists from Thailand, Indonesia, Laos, and Japan as well as other students, international fellows studying at Yamaguchi university on November from 16<sup>th</sup> -17<sup>th</sup> 2014.

**La Bach Hao with Assoc. Prof. Nguyen Van Ba, Assoc. Prof. Ngo Thi Phuong Dung, Master Huynh Xuan Phong, Master Le Tan Hung and student Vo Trung Nghia at the 10<sup>th</sup> Young Scientist Seminar**

In addition, Hao took part in parties and programs of traveling to tourist areas such as Shimonosheki, Tsuwano as well as other historical remains - Rurokojo temple and Joeije temple, which were held by Japanese students. These experiences provided Hao more knowledge about Japanese culture, raise more unity with Japanese students, and this is also a good chance for Hao to practice communicating in Japanese.

**Attending Welcom party and basketball competition with international students**

**Visiting Shimonosheki and Tsuwano with Japanese students**

**La Bach Hao**  
**Graduated student in course 20, Biotechnology**
